

8811 Hystik Masking Tape

Supplier Details:

Stylus Tapes International
111-121 Warren Road Smithfield NSW 2164
Ph: 02 9632 9400
Website: www.stylustapes.com.au

1. Identification: Product identifier and chemical identity

8811 Hystik Masking Tape

2. Hazard(s) identification

This adhesive tape product should not present a health or safety hazard under recommended or normal use of the product.

3. Composition and information on ingredients

Chemical characteristics (Description of the mixture): with adhesive coated backing material

Description	backing material	Crepe paper
	adhesive:	Natural rubber based

Hazardous ingredients	not known
------------------------------	-----------

4. First aid measures

Eye contact: No need for first aid measures is anticipated under recommended or normal use conditions

Skin contact: No need for first aid measures is anticipated under recommended or normal use conditions

Inhalation: No need for first aid measures is anticipated under recommended or normal use conditions

Ingestion: No need for first aid measures is anticipated under recommended or normal use conditions

5. Firefighting measures

Flash point: Not Applicable

Flammable limits – LEL: Not Applicable

Flammable limits – UEL: Not Applicable

Extinguishing Media: Water Spray, Dry Chemical, Foam

Auto-Ignition Point: 450°F

Fire Fighting Instructions: Standard procedures for Class A fires. Wear self-contained breathing apparatus

Unusual Hazards: No unusual fire or explosion hazards are anticipated

Hazardous Decomposition By products: CO, CO₂, hydrocarbons not specified

6. Accidental release measures

Personnel Precautions: Not applicable

Environmental Precautions: Not applicable

Methods for Containment: Not applicable

Methods for Cleanup: Not applicable

7. Handling and storage, including how the chemical may be safely used

Handling: Material will be tacky/sticky. Avoid prolonged or repeated skin contact

Storage: No special storage requirements are necessary for this product.

Room temperature, 50% R.H.

8. Exposure controls and personal protection

Exposure limits: This product should not present a health or safety hazard under recommended or normal use of the product

Eye/ Face protection: Not applicable

Skin protection: Gloves not normally required. Avoid frequent skin contact

Prevention of Swallowing: Not applicable

Respiratory protection: Not applicable

9. Physical and chemical properties

Specific Physical Form: Solid (Roll of tape)

Colour: Pale Beige

Odour: Slight odour of Natural Rubber

Ph: Not applicable

Evaporation Rate: Not applicable

Vapour Pressure: Not applicable

Vapour Density: Not applicable

Density: Approximately 0.81 g/ml

Solubility in Water: Not applicable

Solubility: Not applicable

Decomposition Temperature: Not applicable

Viscosity: Not applicable

Volatile percent: Not applicable

10. Stability and reactivity

Stability: Stable

Conditions to Avoid: Excessive heat, source of ignition

Materials to Avoid: Strong acids and oxidizing agents

Hazardous Decomposition Products: Under recommended usage conditions, hazardous decomposition products are not expected

Hazardous Polymerization: Not anticipated under normal or recommended handling, use, or storage conditions

11. Toxicological information

Please contact the address listed on the first page of the MSDS for Toxicological Information on this material and/or its components

12. Ecological information

Ecotoxicity: Not determined. Not applicable

Biodegradation: Not determined. Not applicable

Bioaccumulation: Not determined. Not applicable

13. Disposal considerations

The waste of this product should be disposed in accordance with local, regional, national and/or international regulations.

14. Transport information

Not applicable. Not regulated.

15. Regulatory information

U.S. Federal regulations: Contact Stylus for more information.

Chemical inventories: Contact Stylus for more information.

International regulations: Contact Stylus for more information.

16. Any other relevant information

This information is based on our present level of knowledge and is intended to be a description of the properties and/or characteristics of the product concerned, from a safety perspective. It is not a guarantee of technical specifications, nor of any particular properties nor features. Stylus disclaims any responsibility for the accuracy and completeness of the information and recipients should independently assess the product and investigate the information to determine whether the product is suitable and/or safe for the intended application and should consider any relevant legal and regulatory requirements, including as to safety, in this regard.
