

## Stylus SP500 Linerless PVC Labels

### Supplier Details:

Stylus Tapes International  
111-121 Warren Road Smithfield NSW 2164  
Ph: 02 9632 9400  
Website: [www.stylustapes.com.au](http://www.stylustapes.com.au)

### 1. Identification: Product identifier and chemical identity

Stylus SP500 Linerless PVC Labels

### 2. Hazard(s) identification

#### Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008 [CLP], Annex VII (Substances):

This product is not classified according to the CLP regulation.

Classification according to 67/548/EEC or 1999/45/EC (substances or mixtures):

Not classified

#### Label elements

Labelling according to Regulation (EC) No 1272/2008/1999/45 [CLP/GHS] (Mixtures) Not Applicable

Hazard pictograms: Not Applicable

Signal word: Not Applicable

Hazard statements: Not Applicable

Precautionary statements: Not Applicable

Additional labelling: Not Applicable

Other hazards Not Applicable

### 3. Composition and information on ingredients

**Chemical characteristics (Description of the mixture):** with adhesive coated backing material

Description	backing material	OPP & PVC film
	adhesive:	Natural rubber based
<b>Hazardous ingredients</b>		not known

### 4. First aid measures

#### Description of first aid measures

General information no special action needed

Following inhalation not applicable

Following skin contact if melt drops get on skin, consult a doctor

Following eye contact if required rinse eyes thoroughly with water

Following ingestion due to form of product mostly unlikely, if required consult a doctor

#### Most important symptoms and effects, both acute and delayed

No further relevant information available.

#### Indication of any immediate medical attention and special treatment needed

No further relevant information available.

### 5. Firefighting measures

#### Extinguishing media

Suitable: CO<sub>2</sub>, H<sub>2</sub>O, foam, dry chemical

# Safety Data Sheet

DECEMBER 2021

(Supersedes all previous versions)

## Special hazards arising from the substance or mixture

Nitrogen oxide (Nox), Carbon monoxide (CO), other toxins aren't to exclude.

## Advice for fire-fighters

### Special protective equipment:

no special action needed.

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

not required

### Environmental precautions

no special action needed

### Methods and material for containment and cleaning up

no special action needed

### Reference to other sections

No release of dangerous substances

## 7. Handling and storage, including how the chemical may be safely used

### Precautions for safe handling

No special action needed in case of intended use.

### Directions against fire and explosions

No special action needed in case of intended use.

### Directions against powders and aerosols

No special action needed in case of intended use.

### Directions for environmental protection

No special action needed in case of intended use.

### Advice on general occupational hygiene

General preventions for usage with chemicals are required.

### Conditions for safe storage, including any incompatibilities

### Technical measures and storage conditions:

Dry and lightproof at room temperature

### Requirements for storage rooms and vessels:

Dry

### Storage class 11

### Specific end uses:

Self-adhesive packaging tape for carton sealing

## 8. Exposure controls and personal protection

### Control parameters

### Occupational exposure limits and/or biological limit values, exposure limits at intended use

No further relevant information available.

### Exposure controls

None

### Appropriate engineering controls

### Personal protective equipment

Eye / Face protection not required

Skin protection not required

Hand protection not required

Other skin protection measures not required

# Safety Data Sheet

DECEMBER 2021

(Supersedes all previous versions)

Respiratory protection	not required
Thermal hazards	not known
<b>Environmental exposure controls:</b>	
none	

## 9. Physical and chemical properties

### Information on basic physical and chemical properties

#### Appearance

- physical state:	solid
- colour:	according to product description
- odour:	almost odourless
- odour threshold:	not specified
pH (20°C)	not specified
Melting point/range (°C):	> 140°C
Initial boiling point/range (°C):	not specified
Flash point (°C):	none
Evaporation rate:	not specified
Flammability	heavy
lower/upper flammable limit:	none
Vapour pressure (hPa) at ...°C:	not specified
Vapour density (air=1)	none
Density (g/cm <sup>3</sup> ) at ...°C:	not specified
Water solubility (20°C in g/l):	none
Partition coefficient	not specified
n-Octanol/Water (log Po/w)	not specified
critical temperature	not specified
Dissolvent temperature	not specified
Viscosity, dynamic (mPa s):	none
explosive properties	not specified
oxidising properties	not specified

#### Other safety information

## 10. Stability and reactivity

### Reactivity

<b>Chemical stability</b>	Under recommended usage conditions, hazardous decomposition products aren't expected.
<b>Possibility of hazardous reactions</b>	No further relevant information available.
<b>Conditions to avoid:</b>	Flames or fire
<b>Incompatible materials:</b>	No further relevant information available.
<b>Hazardous decomposition products:</b>	Under recommended usage conditions, hazardous decomposition products aren't expected. PVC develops at fire temperature hydrogen chloride (HCl).

## 11. Toxicological information

### Information on toxicological effects

**Acute toxicity** Under recommended usage conditions, health hazards aren't expected.

**Skin corrosion/irritation** no irritation known

# Safety Data Sheet

DECEMBER 2021

(Supersedes all previous versions)

**Eye damage/irritation** no irritation known

**Irritation/Sensitisation to the respiratory** no sensitisation known

**CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)**

No further relevant information available.

**Specific target organ toxicity (single exposure)**

No further relevant information available.

**STOT-repeated exposure**

No further relevant information available

**Aspiration hazard**

Under recommended usage conditions, aspiration hazard isn't expected.

**Symptoms and effects ( delayed and chronic) under indication of ways of exposure**

**see also: Information on toxicokinetics, metabolism and distribution**

No further relevant information available.

**Additional Information on toxicological effects**

The product is not subject to classification according to the calculation method of the General EC Classification Guidelines for Preparations as issued in the latest version. When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

## 12. Ecological information

**Toxicity**

No relevant information available.

**Persistence and degradability**

No relevant information available.

**Bioaccumulative potential**

No relevant information available.

**Mobility in soil**

No relevant information available.

**Results of PBT and vPvB assessment**

No relevant information available.

**Other adverse effects:**

In general not harmful to water.

## 13. Disposal considerations

**Waste treatment methods**

**Product / Packaging disposal:**

Disposal according to the governmental regulations.

**Waste codes / waste designations according to EWC / AVV:**

15 01 02 plastics packaging

**Other disposal recommendations**

None

**Relevant EU or other provisions**

None

## 14. Transport information

**UN-No** not applicable

**Proper shipping name**

**ADR/RID** not applicable

# Safety Data Sheet

DECEMBER 2021

(Supersedes all previous versions)

<b>IMDG-Code / ICAO-TI / IATA-DGR</b>	not applicable
<b>Transport class(es)</b>	not applicable
<b>Packing group</b>	not applicable
<b>Hazard label(s)</b>	not applicable
<b>Special precautions for user</b>	not applicable
<b>Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code</b>	not applicable

## 15. Regulatory information

<b>Safety, health and environmental regulations/legislation specific for the substance or mixture</b>	
<b>water hazard class</b>	0 No hazard for water
<b>Solvents Regulation (31. BImSchV)</b>	none
<b>Hazardous Incident Reporting Ordinance (12. BImSchV)</b>	none
<b>Technical Instructions on Air Quality Control (TA-Luft)</b>	not specified
<b>Other relevant regulations</b>	none

## 16. Any other relevant information

This information is based on our present level of knowledge and is intended to be a description of the properties and/or characteristics of the product concerned, from a safety perspective. It is not a guarantee of technical specifications, nor of any particular properties nor features. Stylus disclaims any responsibility for the accuracy and completeness of the information and recipients should independently assess the product and investigate the information to determine whether the product is suitable and/or safe for the intended application and should consider any relevant legal and regulatory requirements, including as to safety, in this regard.

For further information, please contact a Stylus Tapes sales representative.
